

**MOONPIRATES
BROTHERHOOD**

Welcome to the future.

This project want unify all moonpirates and get back to the community all the treasure purchased. Within new investment's strategies, utility and connection to bitcoin's world, creating a sinergy with Stacks an Ethereum nets.

Don't loose you chance to get the **FIRST** digital artifact and join the **MOONPIRATES** ecosystem!

RULES

All the rules are made by murders, thief and cutthroat, worse of the worse of the same nature and needs to provide the guide of the good behaviour, could save your life sailing in the crypto sea! Some could be rude, that's why the Nobels Pirates of the Brotherhoods Council knows that they have to follow this rules or DIE!

Here you start your Pirate's life, minting your **MOONPIRATES**, only if you respect the code!

1. Be friendly and alley safely.
2. The loot must be divided with every member of the crew.
3. First pirate see a new land, a new treasure must advise the secret Discord.
4. Who get lost, stay behind.
5. Sell and smuggle ordinals is legit. Your ordinals, your business.
6. This code urge all Pirates to respect other pirates and remember that get sink other ships is highly forbidden.
7. In case of munity of the DAO: if success mutineers can decide whatever they want, if defeat mutineers will be reported to the DAO.
